

Quick Guide to Certification for PI's

As of the October 5, 2020 update, instead of protocols routing to the PI for approval, the PI will affirm the certification questions in each protocol submission to acknowledge the submission completeness and policy compliance.

To support the certification process the following features are now present in Connect Protocols:

- **Certification tab** with the PI's detail tile followed by the PI Certification Questions. **Only** the PI can answer.
- Certification Completed Status column in the Protocol personnel data and certification screen.
- Incomplete PI Certification Warning validation at the Submit the protocol/amendment/renewal action.
- Incomplete PI ERROR validation prevents a protocol from being approved by COUHES.
- Email Certification requested notifications contains a hyperlink directly to the item & certification screen.

Committee on the Use of Humans as Experimental Subject

COUHES Connect PI Certification questions October 2020

- As the Principal Investigator of this study, I certify that the information provided in this application is complete and correct.
- As the Principal Investigator, I understand that I have ultimate responsibility for the conduct of the study, the ethical performance of the project, the protection of the rights and welfare of human subjects, and strict adherence to any stipulations imposed by COUHES.
- As the Principal Investigator of this study, I agree to comply with all MIT policies, as well all federal, state and local laws on the protection of human subjects in research, including: Ensuring all study personnel satisfactorily complete human subjects training; Performing the study according to the approved protocol; Implementing no changes in the approved study without COUHES approval; Obtaining informed consent from subjects using only the currently approved consent form; Protecting identifiable health information, to the extent required by law, in accordance with HIPAA requirements; Promptly reporting significant or untoward adverse effects.
- As the Principal Investigator, I certify that I have reviewed the COVID-19 Updates and Policies (https://couhes.mit.edu/covid-19-updates) and upon COUHES approval, agree to submit a Restart Research Request.

COUHES COUHES Connect PI Certification Validation Warning

COUHES Connect PI Certification Validation warning upon submit (October 2020)

If you attempt to Submit for Review without a completed PI Certification, a **Warning** will present.

			Wiklund, M	ark 😃	Δ	A	?
IRB # : 2009000291 Lead Unit : Center for Coeus Tra Approval Date : Anticipated Start Dat 01/01/2021	Validation Warning: You can submit this approve the protocol	protocol for review but the PI certification must be	e complete for COUHES to	Progress			•
🖷 General 🛛 🧿 Add			Close Continue to Submit				:
Request An Action	1						
Submit f	or Review t the protocol application	Copy Protocol To copy an existing protocol					

You can proceed with the submission; an email request to certify will be generated to the PI.

Best practice: certify before submitting.

The **PI cannot return** the protocol for updates & the **protocol cannot be approved** by COUHES if the certification is incomplete.

Access to the certification is base	d on your role as PI: you do not need additional permissions to answer the certification.

COUHES Connect PI Certification – accessing the certification screen

PI's can access the protocol certification in several ways.

BEFORE submit for review

1.

Certification Request email provides the easiest option – and is available Before or After submit. The custom hyperlink in the email notification takes you directly to your certification questions in the subject protocol document.

- 2. Your Connect Dashboard > In Progress Protocols list Any protocol/amendment/renewal requires your certification. You can open any of these in-progress protocols in view or edit mode to access and answer the Certification Questions.
- AFTER submit for review
- 3. Your Connect Dashboard > En-Route Protocols list Any protocol/amendment/renewal that is En-Route for Department Head review requires your certification. You can open these pending authorization items in view mode to access and answer the Certification questions.
 - 4. Your Connect Dashboard > <u>Awaiting IRB Response</u>- Any protocol/amendment/renewal that is in Submitted to COUHES status can be found in your Awaiting IRB Response list – just click the tile "Awaiting IRB Response" to present that list. You can open any of these items in view mode to access and answer the Certification questions.
